ARMISTICE DAY MAY BE OBSERVED HERE BY FRATERNITIES

Movement Is Started By Fraternal Organizations To Celebrate November 11th—The Anniversary of Armistice Day.

The proper celebration in Maysville and Mason county of Armistice Day on November 11th, has been suggested by several local fraternal men and the matter is to be taken up among the local fraternal organizations within the next few days, according to statements made today by leaders in the movement.

The celebration of this day was first suggested by members of the local order of Red Men, many of whose members served during the World War. Practically every local fraternal organization has upon its roster many ex-service men and in keeping with the nation-wide movement to make the anniversary of armistice a new Memorial Day, the fraternal organizations all over the nation are taking the lead.

It is understood that the suggestion has met with much approval among those local orders where the matter has been suggested and the popularity of the movement throughout the nation is growing so rapidly that it appears it will be a decided success. While no action has been officially taken by local orders, it is understood that such action is expected within the week.

LUCKY NUMBERS FOR OUR COLORED FRIENDS.

The Maysville colored baseball club defeated the New Richmond, Ohio, club at League Park Sunday afternoon before a large assemblage of fans by a score of 11 to 7. Both of these numbers are considered very lucky to our colored friends but more especially in another sort of game.

DEFENDANTS IN GINGER CASE HELD FOR JURY

United States Commissioner Holds Maysville Negroes to Federal Grand Jury Under Bond.

The Covington news in Sunday's Cincinnati Enquirer says: "O. H. Roetken, United States Commissioner at Covington, following a preliminary hearing in Federal Court yesterday held for grand jury action, under \$1,000 bond each, Edward Barlow, 35 years old; Leo Price, 25 years old; George Jefferson, 21 years old, and Willie Green, 25 years old, negroes, all of Maysville, Ky., charged with having transported and sold liquor. The negroes were arrested last Tuesday by Prohibition Enforcement Officer Edward W. Fitzgerald, with the assistance of Harry A. Ort, Chief of Police of Maysville.

"The officers testified yesterday that 290 bottles of Jamaica ginger found in possession of the men, and which, they said, contained 93 per cent. of alcohol, had been confiscated.

"Barlow testified that the Jamaica ginger had been purchased by them in Ripley, Ohio, and had been transported across the river to Maysville in a boat. Barlow refused to divulge the name of the person from whom he had purchased the Jamaica ginger, which, he said, was put in small vials, for which he paid \$5 a dozen and sold at \$1 each."

FEDERAL PRISONERS ARE RELEASED AFTER OATH.

Rosecoe Rich and William Slomer, of Covington, who were sentenced in Federal court by Judge Cochran to thirty days in jail and a fine of \$1,000 for having been implicated in the theft of fifteen barrels of whisky from the warehouse of the Latonia Distillery in January, were released from the Mason county jail on Saturday. The men had served out their jail sentence and were released from their fines upon their taking the insolvent debtor's oath before U. S. Commissioner Roetken.

OLD-LINE DEMOCRAT WILL SUPPORT SENATOR HARDING

Dean of Kentucky Bar Is Opposed To League of Nations Unless Lodge Reservation Are Adopted.

Judge Charles B. Seymour, of Louisville, one of the leading members of the Kentucky bar and a life-long Democrat, announced last night that he will vote for Warren G. Harding for President in the November election.

In making this announcement Judge Seymour gave out a statement over his signature in which he declared that he could not approve the League of Nations covenant without the reservations proposed by the Republican party.

Judge Seymour, for many years dean of the Louisville Law School, is known as one of Kentucky's old-line Democrats. He has always been recognized as one of the ablest men of the party.

It has been known for some weeks to close friends of Judge Seymour that he is not in sympathy with the candidacy of Governor Cox or with the organization behind him. He takes the stand that reservations must be incorporated in the covenant and that merely interpretative reservations would be of no avail. "The Lodge reservations," he declares, "seem to me indispensable."

Judge Seymour's signed statement follows: "A League of Nations to prevent war and to limit armaments will be of the greatest value to the world if it shall be entered into without impairing the sovereignty of the United States. That sovereignty must in no event be impaired.

"Interpretive reservations would be of no avail. There must be reservations incorporated in the covenant. The Lodge reservations seem to me indispensable—every one of them. I do not see any reason why patriotic Americans should object to any one of those reservations. I favor with all my soul the League of Nations with those reservations; I could not approve it without those reservations or their equivalent.

"A refusal to enter into the treaty without those reservations is not a refusal to become a member of the League of Nations. President Wilson is unwilling to submit to the nations of Europe the treaty with those reservations; but when his successor—whether he be James M. Cox or Warren Gamaliel Harding—shall submit to the nations of Europe for their approval that treaty with the Lodge reservations, it seems clear that the treaty will be accepted and the we will have an effective League of Nations; the peace of the world will be promoted and the sovereignty and the safety of the United States will be in no wise impaired or imperiled.

As a part of their great drive for new members, the Maysville lodge of Eagles has just completed arrangements for a visit here on November 5th of Hon. Elbert D. Arrangements have not been made for this great meeting as yet but the local Eagles expect to make it a great event. It will be the close of their big membership drive and the initiation will be following the addresses of these distinguished visitors. It has not as yet been decided whether the addresses of these visitors will be limited to the membership of the order or whether there will be a public mass meeting. In the event it is decided to have the meeting public, the Washington Theater will probably be procured and the Maysville Boys' Band will furnish music.

The membership drive which has been in progress for the past few weeks is proving very successful and already many applications have been signed at the reduced initiation fee provided for under the special dispensation.

BRITISH SHIPPING IS BEING TIED UP

Many Boats Are Idle—Rail Walkout Feared As Big Strike Gets Under Headway.

London, Oct. 18. —England watched the tide of unemployment rising around her today as the nation-wide coal strike became effective.

Seaports became congested. Today there were 700 vessels tied up at Neardiffen alone. It was believed many ships will leave the ports in ballast, getting away before the situation becomes too serious.

The possibility of a general labor upheaval was feared. The first intimation came in the announcement of the Scottish railway workers.

"Railway men of Scotland are prepared to cease work at noon Monday in support of the miners," that organization telegraphed miners' executives.

The government was well prepared for the strike. Plans had been completed for transportation of food and other necessities and schedules for users of coal were made public.

Claims that parliament can settle the strike within a week if it chooses were advanced in some sections, giving hope something might develop along that line.

EIGHT IN RACE FOR THE COUNTY BOARD OF EDUCATION

Several Candidates Get Into the Race At the Last Minute—Little Interest Is Manifested Throughout The Entire County.

The presidential campaign seems to have completely over-shadowed the election of the first non-partisan County Board of Education in Mason county. There is practically no interest shown in the campaign and few of the voters throughout the county know that there is to be such an election on Tuesday, November 2nd.

Saturday was the last day for filing papers to enter this race. These papers, signed by at least 75 citizens of the county, must be filed with the County Clerk that the names may appear upon the ballots. There will be separate ballots in this race and they will be furnished only to the voters in Mason county, outside of the city of Maysville, for those citizens are alone qualified to vote.

This election is being held in every county in Kentucky this autumn and in some counties there is much interest shown, while in the majority of the counties, the voters know little about it.

The new Board of Education will be composed of five members who are elected from the county at large. This board has very great powers. They will elect the County Superintendent and all of the teachers and have complete control over school matters in the county. Under the provisions of the new statute under which this new board is elected, the County Board of Education will be practically the same as the City Board of Education at present and will have practically the same powers over the county schools that the City Board of Education now has over the city schools.

Mason county voters should be careful to pick out the five best fitted men for this position among those in the race. Each voter is entitled to vote for five men in the list.

Those who have entered the race are: Messrs. Ed. W. Kennard, Job Laytham, John I. Claybrook, Chas. Collins, R. F. Gaither, Harry Smoot, D. F. Campbell and R. O. Chambers.

Mrs. Emil Liska, of Chicago, and Mrs. H. Clyde Levi and daughter, Irma, of Cincinnati, returned home after attending the funeral of their mother, Mrs. Austin, and spending the week with their brother, Mr. Chas. Austin, of East Second street.
